Financial Arrangements and Office Policy

For all patients:

Payments, co-payments and deductibles are expected at the time service is provided. If treatment requires multiple appointments, payment may be divided over the number of appointments. Cash, personal checks, Visa, Mastercard, American Express, and Discover are all accepted. If an extended payment plan is desired, please ask about our third party billing (finance) program or Electronic Funds Transfer (EFT). **Up to 15%** senior citizen discount is also offered. All unpaid accounts will be assessed a 1.5% monthly finance charge after 60 days. Delinquent accounts over 90 days could be referred to a collection agency. All fees incurred from the collection agency will be charged to the account.

For patients with Dental Insurance:

We accept almost all Dental PPO plans. As a complimentary service we will file your treatment plan with your insurance company. We will estimate your deductible and the portion not covered by your insurance. Our estimates may differ somewhat from your insurance company's calculations; therefore the amount due to our office may be adjusted accordingly. All procedures that are not covered by insurance are ultimately the patient's responsibility.

Office Policy:

If the need to cancel a scheduled appointment arises, we request 48 hours notification. Appointments cancelled within **48 hours** or "**No show**" appointments will result in a \$50 fee charged to your account. Two no-shows can result in a dismissal. Please turn off all cell phones prior to entering the treatment area. Again, interruptions of dentist and assistant can affect the quality of treatment.

Patient Privacy:

Our practice is committed to securing the privacy of your health information. This office follows guidelines set by the Department of Human and Health Services to protect the privacy of our patients' information.

Our Promise:

Thank you for choosing our office as your oral health care provider. We are a patient-centered dental office and provide comprehensive, modern dental care to our patients. We strive to maintain our standards through patient service, professionalism, compassion, efficiency, and continuing education. Every staff member takes pride in achieving high standards in dental excellence and values forming lasting relationships with our patients. We are honored to have you as our patient and will make every effort to exceed your expectations.
